## WHATSAPP BUSINESS MANAGER

WaBM is our flagship product, a powerful WhatsApp Business Manager designed to revolutionize your business communication. With WaBM, you can unlock the true potential of WhatsApp as a marketing and customer engagement platform. Seamlessly integrate WhatsApp into your business workflow and automate customer support, marketing campaigns, and sales processes.

Create personalized customer experiences with interactive messages, rich media, and intelligent chatbots powered by AI. Gain valuable insights through analytics and data-driven decision-making. With WaBM, harness the power of WhatsApp to connect, engage, and grow your business like never before.

PERSONAL AI ASSISTANT

yatter

Yatter is an innovative AI-powered chatbot platform that revolutionizes AI interactions on popular messaging apps such as WhatsApp, Telegram, and our dedicated mobile app. With Yatter, you can enjoy the benefits of advanced AI technologies, experience of personalized assistance, private chats and a seamless messaging experience directly on your goto messaging apps.

By combining the power of ChatGPT, Google Gemini and Google Lens with user preferences, location-based services, and voice messaging capabilities, Yatter takes AI chatbots to the next level, enabling users to retrieve information in a more natural, efficient, and personalized way.

Discover the future of AI communication with Yatter and stay ahead of the curve.
